

IRISH QUESTION IS NEAR SETTLEMENT

TRUCE IS DECLARED FOR CESSATION OF HOSTILITIES MONDAY

Events Moved Swiftly in Both London and Dublin—Sir Nevil MacReady, the Military Commander of Ireland, Confers With De-Valera—Military May Evacuate Ireland

(By The Associated Press)
LONDON, July 8.—A truce has been declared between England and Ireland to take effect at noon Monday. Preparations are under way to end the hostilities between the crown forces and those actively engaged in the Irish cause.

Developments leading to the truce were divided between London and Dublin. In Dublin Eamonn DeValera, Irish Republican leader and his Nationalist Associates renewed their conference with the Southern Unionists. Earl Middleton, a Unionist, who recently conferred with the prime minister, read a letter from Mr. Lloyd George to the effect that hostilities must cease if negotiations looking to peace were to succeed.

General Sir Nevil MacReady, British military commander-in-chief, appeared at the DeValera conference and it was not many hours later that the official announcement was made that in accordance with the premier's offer and Mr. DeValera's reply, arrangements were going forward for the cessation of hostilities.

The kiff has been a leading figure in these developments up to the present while General Smuts, the South African premier, has acted as the pivot on which the peace movement has turned. There is hope in London and in Dublin too, that peace must come out of the forces which are now engaged in seeking a settlement.

Events Moved Swiftly
Events moved swiftly today both in London and Dublin. Not only has DeValera consented to come to London to discuss with Lloyd George the basis on which settlement of the Irish question might be reached by the premier's proposed London conference, but a truce has been arranged to begin at noon Monday.

This has given reasonable assurance that the original conference, to which the premier invited the Irish Republican leader and Sir James Craig, the Ulster premier, will be held.

The day started hopefully with the king summoning the Ulster premier to a conference at Buckingham Palace.

This following upon the king's conference yesterday with General Smuts, the South African premier, is an indication of the intense interest the king is taking in the Irish problem.

General Smuts is going to Chequers court to spend the week end with the other overseas premiers and Mr. Lloyd George. General Smuts evidently is the influence in the negotiations, something more than mere influence for, lacking his active aid it is hardly conceivable that events could have progressed as rapidly as they did today, and the fact that Mr. Lloyd George has not stood upon the dignity of his office but seemingly is willing to discuss with Mr. DeValera the basis for a general conference is considered full of hopefulness.

The principal events of this important day occurred not in London, but in Dublin, and the most striking was the sensational appearance of General Sir Nevil MacReady, the military commander in Ireland, at the conference of Eamonn DeValera and leading southern Unionists, after his aide de camp had been sent in advance presumably to ascertain whether his participation would be agreeable.

General MacReady's appearance and long stay at the conference clearly had to do with Mr. Lloyd George's letter to Earl Middleton, one of the conferees in which the premier declared it would be impossible to conduct negotiations with any hope of achieving satisfactory results if violence in Ireland continued and also that the British government would give instructions to troops and police to suspend active operations the moment Mr. DeValera declared his intentions to enter into conference with the British government and to order the cessation of all acts of violence by those under his control.

General MacReady's presence has additional significance because it has been stated that the military party in Ireland has been strongly opposing peace negotiations and any idea of a truce. No report of the proceedings of Mr. DeValera's conference with the southern Unionists has been issued but it is believed that the principal topic discussed was a truce and that Eamonn Duggan, a Sinn Fein member of parliament, who was released from Mount Joy prison only a few days ago, acted as intermediary.

CHARGE ATTEMPT TO FRAUD IN SALE OF BONDS

Minority Stockholders in Utilities Company File Bill

(By The Associated Press)
CHICAGO, July 8.—J. Ogden Armour, Mary W. Harriman and others were charged today with attempting to cheat and defraud minority stockholders in the Chicago Utilities company, in connection with an alleged planned sale of \$20,000,000 in default bonds. The allegation, made by twenty-three minority stockholders in a bill for an injunction to prevent the sale, states that the defendants intend to purchase these bonds in their entirety for only \$750,000.

The bill was filed in superior court. The \$20,000,000, is to be sold to the highest bidder. This, according to the minority stockholders, constitutes an effort to "freeze them out."

The defendants are: Chicago Tunnel company, Chicago Warehouse and Terminal company, Illinois Telephone & Telegraph company, United States Mortgage & Trust company, Central Trust company of Illinois, J. Ogden Armour, Mary W. Harriman, Robert J. Dunham, Joseph Harris, Sherman W. Tracy, Geo. W. Hotchkiss and J. C. Payton.

The complainants are: Merchants' National Bank, Charles Baird, Estate of George C. Buell, Alice B. Burks, C. W. Colburn, Isaac B. Davenport, Sophia Denzer, Mary Strong Ellisler, C. W. Enggren, William J. Hand, George Weiss, James F. Upturn and eleven others.

Secretary Hughes So Informs President Samuel Gompers

(By The Associated Press)
WASHINGTON, July 8.—Withdrawal of the Cruiser Cleveland and the Gunboat Sacramento from Tampico, Mexico, was ordered today by the navy department. Secretary Denby said the order had been issued by mutual agreement with the state department.

Secretary Hughes in replying today before the withdrawal order was issued to protests of labor leaders against the sending of the warships to Tampico wrote Samuel Gompers, president of the Pan-American Federation of Labor that "the presence of the ships has nothing to do with labor unions or with disputes between employers and employees."

"It is simply a precautionary measure for the purpose of assuring adequate protection to the lives and property of American citizens," he said.

Mr. Gompers' protest was based on a telegram from E. C. Davison and John Kelly, Representative of the International association of Machinists who are attending Mexican federation of labor convention.

Requests Gompers to Protest.
The telegram requested Mr. Gompers to enter "protest to the government against the statement in Mexico that American warships were in Tampico to fight labor unions and to protect lies of petroleum interests."

The warships were ordered to the Mexican port early this week by the navy department on information that labor troubles were likely in the Tampico district because of the shutting down of American oil properties and that the warships were to protect American lives and property in the event that that should be necessary. Before the announcement of the withdrawal came it had been indicated at the state department that the vessels would not remain at the Mexican port because their presence would not be necessary.

PROCLAMATION OF PEACE PROBABLY READY NEXT WEEK

Partial Draft of Document Has Already Been Made

(By The Associated Press)
WASHINGTON, July 8.—Altho President Harding and his legal advisers are understood to have virtually decided upon a presidential proclamation as a means of promulgating the state of peace with the central empires, it was indicated today that the document would not be ready for issuance until some time next week.

A partial draft of a proclamation was taken to the cabinet meeting today by Attorney Daugherty with memorandums prepared by department of justice officials relative to the points of law that such a proclamation should cover. It is developed that so many considerations were involved as to make further study of the statutes necessary.

The president and many of his advisers were reported as holding that so far as actual termination of the war was concerned, the peace resolution signed Saturday by the president was sufficient. In a number of the emergency laws passed during the war specific reference is made to a peace proclamation as the instrument which will terminate the war powers conferred on the executive branch of the government. It is understood that this latter consideration has weighed heavily as an argument in favor of issuance of a proclamation.

FORDNEY STATES PARTY POLICY ON TARIFF MEASURE

Outlines Republican Argument on Permanent Tariff Bill

(By The Associated Press)
WASHINGTON, July 8.—The house got underway today in its consideration of the Fordney permanent tariff bill. Chairman Fordney of the ways and means committee in a speech of nearly two hours, developed the first phase of the Republican argument.

Mr. Fordney discussed the party's attitude, what it proposed to do to remedy conditions and to help business. He dwelt only briefly on details of the rates and provisions but announced that other speakers would explain specific schedules.

Criticizing the position of the Democrats Mr. Fordney said they had accused the Republicans of drafting a measure which would cut off, rather than encourage trade when the cardinal policy of his committee had been to build a set of schedules which would restore commerce and industry to health. The committee's work always was actuated, he declared, by the knowledge that business now was in a slump and should be given protection.

Compromises necessarily have been put in the bill the speaker said, adding that all such contested points would be put before the house for its approval or rejection.

The last election influenced the Republicans in the house to launch into tariff legislation according to Mr. Fordney. He said he believed the people knew when they wanted or did not want and that the overwhelming vote last fall was a voice of protest against the Underwood law along with other objections to the Democratic administration.

Relieve Protection Is Desired.
"The Republican party," he added, "has taken it for granted that the people spoke out loudly for protection."

Mr. Fordney declared Canada last year collected in import duties an amount equal to \$19.20 per capita, compared with \$3.15 in the United States under the Underwood law.

"We have been kind to you," the chairman said, turning to the Democrats. "We have given you an opportunity to vote in or out a duty on cotton. Unless you can vote for the bill, don't vote for a duty on cotton or you will be criticised."

"We have protected every industry of the south on an equality with the industries of the north. Cotton is just as important as any product, such as corn, wheat, and is entitled to protection for that reason."

"But, remembering your seven million majority last November," asked Representative Garner, Democrat, Texas, "what has the Republican party done to remedy such conditions?"

Whirling around on his heel, the chairman grabbed and held up the 346 page tariff bill.

"Good God, haven't you seen it?" Mr. Fordney shouted, and the house roared.

Answering inquiries why hides were on the free list, Mr. Fordney said the bill represented the best efforts of the committee and necessarily carried some compromises. He added that a separate vote on the question of placing a duty on hides had been agreed to just as a separate vote was planned on cotton.

Continuing, Mr. Fordney declared the Democrats had not spread their tariff equally. Pointing to Representative Garner of Texas, heading the opposition, the speaker charged that the Democrats had put a duty on hair of Angora goats to protect the growers in Texas, but had turned a deaf ear to the wool growers further north.

"And to the Washington and Oregon wool growers, you will be known in history as Angora Jack Garner of Texas," he added, as the house broke into a storm of applause.

"God bless you boys," Mr. Fordney said, turning to Democrats in closing his speech. "I hope all of you will come here on July 21, dressed in your best protection clothes and make this thing unanimous."

POLITICAL WAR TO BRING ABOUT GRAND JURY INVESTIGATION

Attorney General Will Ask the Sangamon County Grand Jury to Look into Records of the State Treasurer's Office During the Administrations of Small and Sterling

(By The Associated Press)

SPRINGFIELD, Ill., July 8.—Developments today in the Brundage-Small political war indicated that grand jury investigation will be made next week of the records of the state treasurer's office during the periods when Governor Small and Lieutenant Governor Sterling were occupants of the office.

Subpoenas for State Treasurer Miller and the records of his office were issued today following the announcement that State's Attorney Mortimer recalled the Sangamon county grand jury for next Monday.

"The present state treasurer has told me of certain conditions in his office at the time of assuming control which were of such a character that I deemed it necessary to present them to the state's attorney of this county who agreed with me that they should be laid before the grand jury," Attorney Brundage said. "I do not want to anticipate further in a statement all that will be presented to the grand jury."

Asked if the condition of which he spoke antedated the term of Lieutenant Governor Sterling, predecessor of Mr. Miller, and successor to Governor Small, as state treasurer, the attorney general said they did.

Attorney General Brundage's statement echoed back to the 1920 campaign when it was charged that Mr. Small, then a candidate for governor, had turned back to the state \$143,000 interest money, which it was said had been in his possession since he retired as state treasurer in 1919.

Urges Investigation
The attorney general also made public today a letter from Clifford W. Barnes, president of the Legislative Voters League of Illinois, urging grand jury investigation of charges made during the closing days of the fifty second general assembly that improper considerations had been offered to members of the house in an effort to induce them to vote for Governor Small's tax commission and anti-civil service bills, both of which were defeated.

The most sensational of these charges were made by Representative Snell, Democrat of Olney, who said patronage was offered to him by Julius Johnson, secretary of the then state public utilities commission, in return for votes for the governor's measures. Johnson resigned the next day.

"These statements made such a deep impression upon the members of the General Assembly and upon the public that an announcement was promptly forthcoming that an office holder whose name had figured in the charges had resigned from the state service and a searching investigation of the charges was officially promised," Mr. Barnes' letter said.

"As a result of that promised investigation has not been made public and as the officers of the Legislative Voters League feel that the dignity and the good name of the state require that the charges be thoroughly gone into by an agency capable of bringing out all the facts, we respectfully suggest to you that the matter be presented to a grand jury for full investigation."

State Treasurer Miller was at his home in East St. Louis it was said today. Governor Small who had been absent from the capital during the early part of the week was in Chicago, it was said. Mr. Fordney announced that he expects to return to Chicago tomorrow.

Miller Makes Statement
East St. Louis, Ill., July 8.—Records submitted to him by Fred E. Sterling, his predecessor as treasurer of Illinois, failed to show that any interest money from state funds for the period beginning August 1, 1920, and ending January 1, 1921, had been turned over to the state, Edward E. Miller announced tonight. He would not comment on the recalling of the grand jury at Springfield, other than to make public figures submitted to him by Mr. Sterling when Miller took over the office of state treasurer.

Frank January 1, 1919, to August 1, 1920, Miller said, Sterling's records showed that he paid \$604,735.54 into the state treasury. For the period from August 1, 1920, to January 1, 1921, Sterling produced no evidence to show that he had turned in a cent of interest money, Miller said.

Lon Barrows of 403 North Clay avenue who suffered a paralytic stroke Friday evening, was reported Friday to be in somewhat better condition.

DEPARTMENT OF AGRICULTURE'S CROP FORECAST

Indications July 1 Are of Record Breaking Corn Crop

(By The Associated Press)

WASHINGTON, July 8.—Forecasts of the country's principal farm crops made today by the department of agriculture from their July 1 condition indicate there will be no record breaking production in any crop with the possible exception of corn. Conditions during June caused a reduction in the production forecasts of every crop as compared with last month's estimates.

There will be a bumper corn crop but other crops are well below last year's production and in some instances below the average production of the five years prior to 1920. The potato crop will be smaller by fifty-three million bushels than a year ago and apple production will be less than half of last year's crop.

The wheat crop showed a decline of twenty-one million bushels during June, winter wheat showing a reduction of five million bushels and spring wheat sixteen million bushels. Kansas winter wheat showed improvement during the month as did that of Nebraska and Oklahoma but in Ohio, Indiana, Illinois and Missouri the forecasts showed a reduction. Everyone of the important spring wheat states showed a reduction as compared with a month ago.

Corn this year was in the best condition it has been on July 1 in more than 20 years, it being 6.5 points higher than a year ago and 7.4 points higher than the ten year average. With favorable weather officials believe the crop may surpass last year's record-breaking crop. The acreage of corn this year is 4.1 percent larger than last year. All important producing states, excepting Ohio, Iowa, Missouri, Nebraska and Kansas, showed larger acreages this year than last. The latter states show only slightly smaller acreages than a year ago. Larger crops of corn than last year are forecast for Indiana, Illinois, Minnesota and South Dakota. There was an increase in the corn acreage in every southern state.

WHITE SOX WILL
PLAY WHITE HALL

Charlie White's White Sox will play a return game with White Hall Sunday at White Hall. The Sox met the Greene county team a few weeks ago and won a close game by a score of 1 to 0.

Since that time White Hall has won two games from Roodhouse, beating Fred Hartman the crack Springfield pitcher, in one of them. The Sox are going good, however, and hope to repeat the dose Sunday.

Wright of Kitter will work for White all while Seymour will be on the mound for the Sox. He is going fine this year and turning in some great games.

The Sox will present the following lineup. Dickason ss, Zell c, Morrow 1b, Points 2b, Gillis rf, Seymour p, Shirley lf, Hemmrough cf, Devlin 3b, Henderson utility.

MANY HANDSOME HORSES
AND PRETTY GIRLS WITH
JOHN ROBINSON'S CIRCUS

Despite the seeming supremacy of the automobile and the threatened arrival of the motorized circus, the horse is still the king of the arena in the big tent shows. A circus without horses is inconceivable, and the astute circus manager realizes this even more than the public does.

The John Robinson show, the oldest big circus which again presents itself to Jacksonville, Tuesday, July 12, has an enviable reputation for its horses, most of which are western bred, and have been raised largely for exhibition purposes. There are several hundred of them, and they range from the heaviest draft horses to the finest and most aristocratic racing stock. The horses are utilized to some extent in moving the paraphernalia of the show from the cars to the grounds, but most of this work is done with motor tractors. The real mission of the horse in the John Robinson circus is for exhibition purposes in the big preliminary street parade, in the opening spectacle, and in an unusual number of high-class riding acts.

Special attention, it is announced, is given to the equestrianism in the John Robinson circus, and this feature, in turn, is given unusual interest because so many of the riders are young riders, and many of them are women. There are principal riders, and many of them are women, in all of which the beauty of the horses and the cleverness of the riders has an additional enhancement in the superb costumes. In one number there are two dozen high-school riders, and in another, the rings are fairly crowded with clever and picturesque young women riders of distinction.

The ability of the John Robinson circus girls as riders, as well as the attractiveness of their costumes, will, it is announced, be evidenced in the morning street parade as well as in the performance. America's finest horsewomen, and the world's prettiest circus girls ought to prove irresistible attractions to those who admire both.

MUNDY TRIAL
IN OCTOBER

Judge Jones Says It Would Take Three Companies of Militia to Guard Mundy If Trial Was Held Now.

WINCHESTER, Ill., July 8.—Edward Mundy, 37, confessed slayer of 10-year-old Beatrice Kinead, will not go to trial until next October it was announced here today by States Attorney Mehrhoff. The inquest over the body of the child, whose body was found in a water trough on her father's farm, has been postponed indefinitely. Coroner Webster said.

If a special grand jury was called and Mundy placed on trial now it would take three companies of militia to guard him. Judge Norman L. Jones declared today, so intense is the feeling against the farm hand.

Mundy, who was placed in the Sangamon county jail at Springfield for protection, is feigning insanity, attaches of the jail said, and has repudiated his former confession.

Mundy waived preliminary hearing. Judge Jones told States Attorney Mehrhoff he would inflict the death penalty only if Mundy is found guilty by a jury and would not send the man to the gallows on a plea of guilty, Mr. Mehrhoff said.

"There will be nothing done until the October term when I will insist upon the death penalty," the states attorney said. "If there ever was a case where the death penalty should be inflicted this is one of those cases."

A LARGE MACHINE
O. R. Robinson and C. R. Slaton, both of Springfield, arrived in the city with a mammoth White truck, Cletrac pattern. It was a monster with rear wheels tires costing \$412.50 each, and 44 by 110 in size. Of course the machine would pull anything that is loose; would haul several tons, do all sorts of tractor and power work and was a fine thing to have around anyway.

ROAD IS OILED

About five miles of the road leading out by Clark's Chapel northeast of the city has been oiled and the people in that vicinity feel much pleased. The oiling reaches to the residence of Elmer Nicholson and is well done.

DEMPSEY DENIES
ATLANTIC CITY REPORT

Cheyenne, Wyo., July 8.—Jack Dempsey tonight emphatically denied reports originating in Atlantic City that Mayor Edward Bader of Atlantic City would supplant Jack Kearns as his manager.

"Jack Kearns will be my manager as long as I am a fighter," the champion said. "He was my manager when I was fighting my way to the top. If I have my way he will make every engagement of my career."

Daily Market Report

STRENGTH DEVELOPED IN WHEAT PRICES

CHICAGO, July 8.—Strength developed in wheat prices today as a result of confirmation of black rust in Canada. The market closed firm, 3 to 2c net higher, with September, \$1.21 1/2 to \$1.21 3/4; corn finished 3c net lower to 3c advance, and oats unchanged to 1c higher. In provisions at the close was unchanged to 5c lower.

At first the wheat market showed a tendency to decline owing more or less to correct anticipations that the government crop would prove to be less bullish than had been looked for of late and that the deterioration of the crop would be offset in part by the advance in the war basis for the month. Scarcities of rural offerings, and word that rains had interfered with threshing in Kansas and Nebraska tending to check the bears. Subsequently fresh arrivals regarding black rust were given the most attention and were instrumental in turning the market decidedly up grade after midday. Messages from Winnipeg said samples of wheat showing blackrust had been received from many points in Manitoba, and also from places in Saskatchewan.

Corn for July delivery was strengthened by export sales of 750,000 bushels. Other months easier owing to scattered rains. Oats averaged higher with wheat. Indications of export demand for hard gave a little aid to provisions.

CHICAGO LIVESTOCK

Chicago, July 8.—Cattle—Receipts, 3,000. Beef steers, fat stock and veal calves strong; spots higher, top \$8.75; bulk beef steers, \$7.00 to \$8.50; bulk fat cows and heifers, \$4.50 to \$6.50; vealers largely, \$10.00 to \$10.50; bulls steady; bulk bolognas \$4.50 to \$5.00; beef bulls largely, \$4.50 to \$6.25; stockers and feeders were dull.

BRADSTREET'S REPORT WILL SAY

NEW YORK, July 8.—Bradstreet's tomorrow will say: "A generally quiet condition in trade and industry with retail business more active than wholesale and jobbing business, due mainly to extensive advertised sales of seasonal goods at reduced prices continued slow collections, active progress of the harvest northward with winter wheat cutting and threshing well advanced and a slightly better tone of reports as to the crops still to be harvested, are among the more immediately perceptible features in the week's advances."

"Other items having a more or less intimate relation to the general trade movement are the slight advance, one per cent shown in Bradstreet's approximate index number as of July 1, the first advance by the way in thirteen months, a rise in this week's weekly food index, the continuance of the steadier tone and more cheerful feeling noted last week in the stock market, despite a late reaction due to profit-taking on the rise, and growth of the idea that European needs will infuse the coming crop year, as in the one just ended, call for a large volume of exports of our grains, particularly wheat, and more meats, notably hog products."

BOLD BURGLAR KEEPS POLICE FORCE BUSY

Attempted Burglary on the Wholesale Plan Early Friday Morning — Did Not Get Any Loot—Police But Few Minutes Behind Him at Times.

One of the boldest burglars the police have had to deal with in many months began operations in the south part of town early Friday morning entering or attempting to break in nine houses, but securing no loot.

The first place visited by the burglar was Charles Crozier's store in South Jacksonville. The man then went to South East street and started working north. He attempted to enter the home of William A. Gillespie, 1221 South East street, but was frightened away.

While the police were searching the Gillespie premises and the surrounding neighborhood, the man attempted to enter the residence of John C. McLin, 211 East Superior avenue. From the Superior avenue house the burglar began working on South East street, attempting to enter the home of Charles White. Mr. White made a search of his premises and wet to a neighbor's house where he found that the man had removed a screen door. The man was evidently frightened away by Mr. White's activities. He tried to force a window at the home of Mrs. Thomas Phelps and tried to gain entrance to the home of Mrs. Eura Owens, but a little girl was awakened and gave an alarm.

The burglar met some opposition at the home of Mrs. Harry Kierl on Franklin street. He gained entrance to this house and was making a thorough search when Mrs. Kierl got from her bed and struck him in the face. With the remark "I won't hurt you little girl" the burglar made his escape out the back door and through the back yard. Mrs. Kierl was the only person who was able to give the police a description of the man. She said he wore leggings, army trousers, a black hat and had a handkerchief tied over his face.

The burglar also entered the residence of J. D. Adams 1342 South Main street between the hours of 1 and 2 o'clock Friday morning. Mr. and Mrs. J. H. Redburn are occupying a portion of the Adams residence.

Mrs. Redburn was awakened by the prowler who told her to keep still and he would not hurt her. He called her Mrs. Adams which indicated he knew whose residence he was in.

However, Mrs. Redburn did not heed the warning and grappled with the burglar. He seized her by the wrists and pulled her into an adjoining room. Mrs. Redburn then cried out and awakened her husband and Mr.

Adams. The latter appeared with a search light and flashed it on the burglar who loosened his hold on Mrs. Redburn and made his escape.

At 4 o'clock the man attempted to break into the home of Joseph C. Alred on South East street. Mr. Alred heard the man working, but he made good his escape before Mr. Alred could get to the room where he was working.

The entire night police force was on the job and at times were only a few minutes behind the burglar but never at any time got sight of him.

NAME ON THE MONUMENT

Mrs. C. A. Stevenson of Olathe, Kansas, writes The Journal asking that the name of R. E. Stevenson be placed on the soldiers' monument in Central Park. It was a pleasure to answer her that the name was there with the first list.

She says Mr. Stevenson was among the first to volunteer under the short term call of President Lincoln who was a warm personal friend. After his return from this service he was commissioned by Governor Yates first assistant surgeon in the famous 73d regiment many of whose officers were Methodist preachers, the colonel, Jacques, being the colonel. He was also the first president of the Illinois Woman's College and the writer had the pleasure of meeting the gentleman when he was here some years ago at a commencement. Meeting Rev. G. R. S. McElfresh he called out familiarly: "How are you, Green?"

Dr. Stevenson remained in active service till 1864 when he was obliged to resign on account of an injury. He lived to be 81 when a useful life was ended.

GROUP OF SPEAKERS HEARD BY ROTARIANS

John M. Walshe of Hannibal emphasized Benefits of Ocean to Ocean Highway — S. W. Nichols Give Word Picture of Arizona.

It was a symposium of addresses that occupied the time of the Friday luncheon. Those who spoke were Rev. George E. Stickney, S. W. Nichols of Jacksonville and John M. Walshe of Hannibal. Before the speech making began announcement was made of the dance to be given at Nichols park Monday night as a benefit for the Memorial highway fund and E. E. Crabtree read paragraphs from a letter written by Miss Wadsworth, telling how Vincent Riely, president of the club, was under surveillance for several days by an English detective. The Jacksonville Rotarian had sent a package addressed to himself in Liverpool and in some way the circumstances were such that he came under suspicion as being a foreigner with an improper mission. Of course the Rotarians thought this quite a worth while joke on their staid and reliable president.

Mr. Stickney, who has spent several weeks in charge of organized groups of boys and girls at the Rotary club house, took opportunity to mention what an excellent work he thinks is being fostered by the club thru the club house in Mercedosa bay. Mr. Stickney has "camped" in Decatur and a number of other cities while engaged in work with young people and said yesterday that he had never been in a cottage which had equipment and surroundings equal to that at Mercedosa bay.

Mr. Walshe, who is now the vice-chairman of the Pike's Peak Ocean to Ocean highway and is Jacksonville in the interest of that highway, is a Rotarian of some years' standing as he was a member of the Chicago club before removing to Hannibal.

Mr. Walshe spoke briefly of the advantages of the highway to the communities thru which it passes, and suggested the possibilities of development for the Pike's Peak highway to such an extent that it would be a really great revenue producer for the cities and towns thru which it passes.

The announcement was made that a general meeting will be held next Friday night, when Mr. Walshe will present various facts with reference to the highway and its possibilities for development.

S. W. Nichols was another of the guests present and spoke in a very interesting vein of his last winter experiences in Tombstone and Tucson, Ariz. As Mr. Nichols' many friends know, he went to the southwest country for the benefit of his health. He was in a very weakened condition when he arrived in Arizona but a few months' stay there made a "new man" of him. It is a pleasure to Mr. Nichols now to bear testimony to the efficacy of the climate.

Other guests of the day were Homer Potter, H. F. Henley, S. D. McKenny and Dr. E. D. Canatsey, of Jacksonville; E. F. Crane of the First National bank of Mt. Sterling.

SLIGHTLY INJURED IN AUTO ACCIDENT

As a result of an automobile collision Friday morning, L. L. Logsdon suffered several face and shoulder cuts, though his injuries are not thought to be serious.

The accident happened on East State street near Hardin avenue. Mr. Logsdon was turning into Hardin avenue from the west when a Cadillac driven by Mrs. Andrew Harris struck the rear of his car, breaking its windshield and smashing one of the rear wheels. The cuts were from glass flying from the broken windshield. The only damage to Mrs. Harris' car was the bending of the front bumper and one fender.

Mr. Logsdon's wounds were dressed at the Passavant hospital soon after the accident.

LAWN PARTY GIVEN AT VIRGINIA HOME

Virginia, July 8.—Miss Hazel Ray of Jacksonville entertained a few friends at a lawn party Wednesday at the home of her aunt, Mrs. John Collins, in Virginia. The evening was spent with games and music, the latter being furnished by Frank Collins, Jr., and John Pyatt. In the contest the first prize was won by Elizabeth Sloan and the consolation prize by Harold Lynn.

Those present were Mr. and Mrs. O. L. Holt, Mr. and Mrs. J. E. Peck, Misses Letta Lynn, Nelle McConnell, Catherine Collins, Anna Johnston, Gladys Howard, all of Virginia; Mr. and Mrs. John Ray, Misses Elizabeth and Marguerite Sloan of Jacksonville; Messrs. George Huffman, Howard Peck, Harold Lynn, Frank Collins, Jr., and Stanley Lynn, all of Virginia, John Pyatt of Jacksonville.

At a late hour refreshments were served and when the guests departed it was with very pleasant memories of the evening.

TO ERECT MARKER AT PASSAVANT.

An item in Tuesday's Journal stated that a bronze tablet would be placed on the lawn at Passavant hospital to mark the site of the first Methodist meeting place in the county. This statement was in error, as a granite marker is to be erected instead of a bronze tablet. The work will be done by the Jacksonville Monument Co. The place for the marker will be just east of the main building, the site having been selected yesterday by H. J. Rodgers, John J. Reeve, A. A. Curry and Amos Swain, committee appointed for that purpose.

The unveiling will be on August 1, the date of the Methodist centennial celebration. In an earlier issue August 1 was indicated as the date.

PEACHING SERVICES AT LITERBERRY CHURCH

Regular preaching services will be held both morning and evening at the Baptist church in Literberry Sunday. As this is the first meeting day when services have been held since June 12, everybody is expected to turn out. Don't let the weather affect your religion. Summer heat should never cool the spirit. If the devil can get you to stay at home from church, he will consider it a good day's work.

Rev. Ernest C. Rutherford will preach in the morning on "Three Sides to Salvation." Come find out how many sides of it you have experienced. In the evening the subject will be "God's Balance and You." God is the best judge of a man's moral and spiritual weight, and He alone has an accurate scale. If you are short weight, you ought to know it.

RAN PITCHFORK IN EYE

J. A. Moore of R. R. 7, Jacksonville, is a patient at Passavant hospital following a most painful injury suffered yesterday in the harvest fields. Mr. Moore was stepping off of a wagon and in some way he slipped falling forward on the prongs of an upturned pitchfork. He was brought to the city at once and taken to the hospital where it was found a prong of the pitchfork had entered the side of one of his eyes. It was stated last evening that Mr. Moore was doing as well as could be expected and the attending physician is hoping to save the sight of the injured eye.
